VIRGINIA ANNUAL CONFERENCE M. E. CHURCH SOUTH.

> Eighty-fourth Session. BISHOP PIERCE PRESIDING.

[Reported for the Dispatch.]

SIXTH DAY. Night Session. Petersburg, November 20, 1878

Conference met last night at 74 o'clock, and was called to order by Rev. L. S. Read. The church was packed in all its parts, it being generally understood that this would be the closing meeting of the body.
Rev. Dr. Granbery briefly addressed the

meeting in behalf of Vanderbilt University, which, he said, was forward in its four principal departments. The University is doing a good work and deserves the interest and support of the Virginia Conference, which he asked. The number of matriculates last year was 405.

Rev. S. A. Steel, the president, submitted the annual report of the Missionary Aid Society, the substance of which has already been published. It mentioned the fact that Rev. W. W. Royall had offered his services as missionary to China, and if arrangements were made he would sail for that field during the coming winter. His salary will be \$1,000 per year, and Mr. Steel desired Conference to pledge that amount for his support for five years. It was suggested that this Society was not one of the officially recognized bodies of Conference, and therefore that such a request was irregular. After some discussion the request was withdrawn, and in lieu it was decided to increase the roll of membership of the Society, with subscriptions at \$5 per annum. The list was opened, and names almost sufficient to make up the required amount of \$1,000 per year for five years were enrolled. Rev. S. A. Steel beaded the list with a subscription of \$50.)

Rev. W. W. Royall was then elected to elder's orders. REPORT FROM THE JOINT BOARD OF FINANCE. The Board of Finance reported a financial and statistical exhibit of the work of the year just closed; which was approved. The following assessments were reported

for the ensuing year:

Rev. P. A. Peterson read the report of the Committee on Memoirs in the case of Rev. Lloyd Moore, deceased. The history of Mr. Moore's life as a man and minister was given, and a touching and beautiful tribute paid to his memory. Rev. Joseph H. Davis passed a glowing eulogy on bis life and labors. At the conclusion of his remarks Conference arose in a body, and sang the hymn, " Nearer, my God, to thee." THE CHARGES OF MALADMINISTRATION.

The Bishop then called up the case of

Rev. B. F. Woodward, presiding elder of the Murireesboro' district, charged with maladministration, and gave his answers to the questions of law raised by the investigating committee. These answers were generally against the defence. Rev. Dr. Edwards represented Mr. Woodward, and Rev. Paul Whitehead the complainants. The charge of maladministration was sustained, but there being no taint of moral delinquency in the case, Mr. Woodward's character was unanimously passed by Con-The charge of maladministration against

Rev. T. L. Williams was also sustained and his character passed. Conference also sustained the same charge

against Rev. Joshua L. Garrett, and refused to pass his character on the ground of . habitual failure in official administration." He was, however, granted a location. MISSIONARY APPROPRIATIONS.

The appropriations for the Mission Board for the ensuing year, amounting to \$6.345 for home missions, were read. The Bishop then announced the following as the

The usual resolutions of thanks were offered and adopted; and the business of Conference being ended, the Bishop ascended the pulpit to announce the appointments

for the ensuing year. Before making these announcements he delivered a brief address, rendered necessarily brief by the weakness of his voice. He counselled harmony and zeal in the Church, and gave much Godly and timely advice as to the temporal and spiritual interests of the Church. The Bishop announced as his own opinion that frequent changes of ministers is better for the charges, and that usually he is disposed to change often, but that in this case he would depart from this rule. There were, however, some ten or twelve preachers whose term of office at their stations had expired, and they must be placed elsewhere. These changes necessitated

Some of the changes, as announced, caused surprise. The transfer of Rev. S. A. Steel to the North Mississippi Conference, drew forth a resolution from Rev. A. G. Brown, which was unanimously adopted, Right Rev. H. C. Church (who joined the Conference at this session), was transferred to the Alabama Conference; Rev. C. R. Taylor to the Arkansas Conference, and Rev. P. H. Fish-burn to the Baltimore Conference. The session of Conference was a most pleasant and harmonious one in all re-

spects. Even in the cases of maladministration, the most charitable and kindly feeling prevailed. Conference adjourned at midnight, and this morning many of the delegates left for their homes. Many others took their departure this afternoon.

At the Washington-Street church this morning the Bishop ordained Rev. W. W Royall to elder's orders, with special reference to his missionary labors in China, to which point he will soon sail. The services were interesting and impressive, and were witnessed by quite a large assemblage of ministers and citizens.

WASHINGTON, November 20 .- The annual report of the Controller of the Currency contains a table, in compliance with the act of July 19, 1873, showing the average capital and deposits of all the State and savings banks and private bankers in the country for the six months ending May 31, 1878. It shows the number of State banks to be 853. with an average capital of \$124,347,262; deposits, \$229,482,625. Number of savings. banks with capital, 23; having an aggregate capital of \$3,237,342; deposits, \$26. 179,968. Number of savings banks without capital, 668; with deposits amounting to \$803,299,345. Number of private bankers, 2,856; capital, \$77,798,228; deposits \$183,832,965. The whole number of State banks, savings banks, and private bankers, is 4,400, with an aggregate capital of \$205,380,000; deposits, \$1,242,790,000. The total number of national banks in existence on June 29, 1878, was 2,056, with a capital of \$470,390,-000, and deposits \$677,160,000, making the total number of banks and private bankers in the country 6,456, with an aggregate capital of \$675,776,000, and aggregate deposits

\$1.919.954,000. During the past year 28 banks have been organized, with an authorized capital of \$2,755,000; to which \$1,598,800 in circulating notes have been issued. Fifteen banks have failed within this period, having an aggregate capital of \$2.712,500, and 41 banks, with a total capital of \$5,200,000, have voluntarily discontinued business. The Controller argues that the nationalbank system is not a monopoly, its privileges being free to all; but that it uprooted many real banking monopolies authorized by the several States. He asserts that the capital stock of the national banks is not largely in the hands of capitalists. Among their shareholders may be found persons in every station of life. A. T. Stewart's Remains.

NEW YORK. November 20 .- The Evening Express states that it has received information from reliable sources that the remains of Mr. Stewart are now in the possession of the estate. Their whereabouts have been known to the police since Monday evening last. It is known to the authorities that the desecration of the vault was planned and executed by five persons, assisted by at least three others, who were not aware of the character of the crime they were committing. Four of the five Budget shows a surplus last year of 5,400. principals are in custody, but the leader

remains uncaptured. Late this afternoon the Chief of Police stated that he had no knowledge of the recovery of the body of Stewart, nor any Inspector Murray was not to be found, but other officials united with the Superintendent in reiterating their opinion that the stories appearing in certain afternoon papers are purely sensational. The Superintendent also says that Duffy, Breslin. and Edwards, who were arrested by headquarters detectives, are not suspected of any connection with the Stewart robbery.

A LONG AND EXPENSIVE TRIAL. BALTIMORE, November 20 .- In the case of the United States against seven hundred and twelve bags of sugar, part of the cargo of the brig Mississippi, seized for forfeiture, the jury, after being out since 2 o'clock yesterday, this afternoon agreed upon a verdict. Before they retired Judge Giles instructed the jury that they were to pass upon two issues-first, were these sugars artificially colored for the purpose of their being introduced into the United States at a lower rate of duty; second, did the claimants know this fact, and did they introduce them into the port with fraudulent ntent. The jury's verdict was: "We find, upon the first issue, for the United States, and upon the second issue for the defendants." The trial of this case occupied over six

weeks, and the costs will exceed \$10,000. From Washington.

missioner at Jacksonville. The agent further reports that in conse mence of this action, which was preceded y some of the riotous demonstrations referred to, he was himself speedily arrested on a charge of libel, and bound over for trial next April. After Wright's detention by the shariff he procured ball from Jacksonville, and is now at liberty, but he informs the Department that friends of the postmaster declare they will "fix the jury" when the case comes to trial, and are already exulting over the prospect of seeing him set to work on the county roads.

At one point in the examination, when the magistrate expressed horror at the deed the prisoner had attempted, the latter said : "It seems to me you are getting too excited." On being asked if he had not observed that the peoble would have torn him to pieces but for the police, he replied: "People are fools. They always act that way."
